

Oscar Pharma

Oscar Pharma Is A Name Of Quality And Innovation In Active Pharmaceutical Ingredients And Intermediates.

MISSION & VISION

With the Vision and Mission of our partners to develop world class APIs and Intermediates, OSCAR pharma is committed to satisfy the ever rising demands of worldwide market through an authentic range of pharmaceutical compositions.

Our expertise in the field of APIs & Intermediates, additionally excellent client serving will help us to earn credible reputation in of manufacturer and exporter in both domestic and global market place.

COMPANY PROFILE

Our company is a well established Gujarat based manufacturer and exporter, involved in the business of processing pharma intermediates. Our products will be well appreciated for their purity, High PH value, longer shelf life, tamper and moisture proof packaging, etc.

Business Type	Manufacturer, Exporter, Supplier, Trader & Distributor
Year of establishment	2019
Total Manpower	50
Capacity	47 KL expandable to 67 KL
Monthly production Capacity	150 tonnes

Founders

Sunil Dholariya (partner)- Stalwart of chemical distillation and trading industry at ankleshwar.

Kausik Patel (partner)- Renowned entrepreneur in chemical transport industry and chemical trading market at ankleshwar.

Alpesh Patel (partner)- Gladiator in chemical trading and distillation based at ankleshwar.

Hasmukh Sheta (partner)- Impeccable personality of steel industry at ankleshwar.

List of Utility Equipments

SS Reactor- 8 units - total 39 KL capacity | **MS Glasslined Reactor**- 6 units -total 28 KL capacity | **Centrifuge**- 4 units- 48 inch Dia. each | **ANFD**- 1 unit- 4 KL capacity | **FBD**- 1 unit- 120 kg capacity | **Multimill**- 1 unit- 50 kg/hr capacity | **Shifter**- 1 unit- 50 kg/hr capacity | **Sparkler Filter**-1 unit- 50 kg carbon capacity | **Chilling Plant**- 1 unit- 40 TR capacity | **Cooling Tower**- 3 units- 400TR, 100TR, 100TR capacity | **Boiler**- 1 unit- 1.5 TPH capacity | **Thermopack**- 1 unit- 6 lakh Kcal capacity | **Vaccum Ejector System**- 3 systems- (1 system- 10 TOR capacity, -2 systems- 1 TOR capacity) | **Scrubber**- 2 units- 5KL capacity each

Major Lab Equipments

Karl Fischer Apparatus | PH Meter | Micro Weight Balance (2 Units) | Melting Point Apparatus | Autotitrator | Oven | Vaccum Oven | TLC Chamber | UV Spectroscopy (Double Beam) | UV Cabinet | HPLC (Shimadzu Prominence) | GC (Agilent), etc.

Product Range

Active Pharmaceutical Ingredients

■ Azacyclonol	Anti-psychotic
■ Alendronate Sodium	Treatment of osteoporosis
■ Piroxicam	Anti-inflammatory, analgesic
■ Aspirin	Anti-platelet
■ Phenylamidol HCL	Muscle relaxant
■ Prilocaine HCL	Anaesthetic agent
■ Prilocaine	Anaesthetic agent
■ Ethyl 4-aminobenzoate [Benzocaine]	Anaesthetic agent
■ Piroxicam Betacyclo Dextrin	Anti-inflammatory, Analgesic
■ Lornoxicam	Anti-inflammatory, Analgesic
■ Sodium Picosulphate	Laxative
■ Bisacodyl	Laxative
■ Ambroxol Hydrochloride	Treatment of respiratory diseases
■ Gabapentin	Treat seizures and Neuropathic pain
■ Mesalamine	Treatment of ulcerative colitis
■ Levetiracetam	Treatment of epilepsy
■ Alendronic Acid	Treatment of osteoporosis
■ Levo Cetirizine Hydrochloride	Anti-allergic
■ Montelukast Sodium	Treatment of asthma
■ Nitrofurantoin Anhydrous	Treat urinary tract infections
■ Tigecycline	Treatment of bacterial infection
■ Flecainide Acetate	Anti-arrhythmic drug
■ Magnesium Turnings	Used as reducing agent

Intermediates

- 1-[2,4-d-Difluorophenyl]-2,3-epoxypropyl-1H-1,2,4-triazole methanesulfonate
- 2, 4-Dichloroacetophenone
- 3-[Dimethylamino]Propiophenone
- N-Methyl-4Chloro Piperidine
- Methyl Benzothiazine Isopropyl Ester
- 4(aminomethyl) benzoic acid Sulphate
- 2,6-Dimethylphenyl chloroacetamide
- 4,4'[2-Pyridinylmethylene] Bisphenol
- Veratric Acid
- 2,4-Dichloro Benzyl Cyanide
- 4-Chloro-7-Tosyl-Pyrrolo[2,3-D]-Pyrimidine
- (Z)-Ethyl 22-chloro-2-(2-(4-methoxyphenyl)hydrazono)acetate
- 1-(4-Chlorobenzhydryl) piperazine
- Trans 4-Amino Cyclohexanol
- Denatonium Benzoate
- 2-[1-(Mercaptomethyl) cyclopropyl] acetic acid
- 2-[2-3(S)-3-[2-(7-chloro-2-quinoliny)]-ethyl]phenyl]-3-hydroxypropyl] phenyl-2-propanol
- 2,2'-(cyclohexane-1,1-diyl)diacetic acid
- 6 chloro-4- hydroxy- 2- methyl- 2H thieno [2,3-e] [1,2] thiazine- 3- carboxylate- 1,1- dioxide
- 2-Mercaptobenzimidazole
- 5-(Difluoromethoxy)-2-Mercapto Benzimidazole
- 5-Methoxy-2-Mercapto Benzimidazole
- 2-Amino 5-Methyl Thiazole

Why Us..????

Some of our competitive advantage that keeps us way ahead of other market players are enlisted below

- Reliable range of pharmaceutical intermediates & active pharmaceutical ingredients.
- Competitive pricing.
- In house testing facilities.
- Advanced manufacturing facility.
- Qualified team of personnel for standard outcome through Quality Control and Quality Analysis.
- Expedite delivery.
- Ready stock to meet urgent and bulk requirements.
- Wide market distribution network.
